

First Annual Olfactory Neuroblastoma (Esthesioneuroblastoma) Patient Education Meeting

When: Saturday, February 29, 2020, 9 a.m. to 1 p.m.

Where: National Institutes of Health (NIH) Clinical Center, Building 10, Room 7S233, 9000 Rockville Pike, Bethesda, MD 20892

Who: Presenters will include people personally affected by olfactory neuroblastoma, and medical and scientific experts from the National Institute on Deafness and Other Communication Disorders (NIDCD), the National Cancer Institute (NCI), and Johns Hopkins University. The NIDCD and NCI are part of the NIH.

What:

- Perspectives from patients and family members affected by olfactory neuroblastoma.
- Information on advances in surgery, radiation, and other treatments.
- Research updates on genomics, outcomes, and clinical studies.
- Information about upcoming clinical trials.

This meeting is directed by Nyall R. London, Jr., M.D., Ph.D.; Gary Gallia, M.D., Ph.D.; and Murray Ramanathan, M.D.; and is sponsored by the NIDCD.

Please RSVP by February 27 to Dr. London, principal investigator of the NIDCD Sinonasal and Skull Base Tumor Program (<https://www.nidcd.nih.gov/research/labs/sinonasal-and-skull-base-tumor-program>), at nyall.london@nih.gov or **301-402-4216**, including any questions or reasonable accommodation requests.

Rare Disease Day 2020

Saturday, February 29, 2020, is Rare Disease Day® worldwide.

NIH will hold **Rare Disease Day** events on Friday, February 28, 2020, in Bethesda, Maryland.
